## ASSESSMENT

### Security Baseline Assessment

**\$7,500–\$10,000**

Consultant will assess Client's security practices against the CISA Cross-Sector Cybersecurity Performance Goals (CPGs) and deliver a prioritized report and 90-day action plan.

#### YOU RECEIVE

- Written report: PDF with CPG scoring and prioritized findings
- 90-day action plan: Top actions with owners and effort
- Leadership readout: Up to 60-minute presentation

### NIST CSF 2.0 Risk Assessment

**from \$22,500**

Consultant will assess Client's cybersecurity program against the NIST Cybersecurity Framework 2.0, document current and target profiles, and deliver a risk register and prioritized roadmap.

#### YOU RECEIVE

- Assessment report: PDF with current and target profiles and findings
- Risk register: Spreadsheet of risks with ratings and owners
- Roadmap: 12–18 month prioritized roadmap
- Board briefing: Slide deck and up to 60-minute presentation

## VCISO RETAINER

### vCISO Essentials

**\$3,000/month**

Consultant will serve as Client's virtual Chief Information Security Officer, providing about 10 hours per month of security leadership and guidance. Client owns the security program, its decisions, and implementation; Consultant advises and guides.

#### YOU RECEIVE

- Security roadmap: Prioritized 12-month roadmap, updated quarterly
- Monthly summary: Hours used and progress against the roadmap
- Policy guidance: Review notes and recommended edits to Client policies

*3-month minimum, then month to month*

### vCISO Standard

**\$5,500/month**

Consultant will serve as Client's virtual Chief Information Security Officer, providing about 20 hours per month of security leadership and guidance. Client owns the security program, its decisions, and implementation; Consultant advises and guides.

#### YOU RECEIVE

- Security roadmap: Prioritized 12-month roadmap, updated quarterly
- Monthly summary: Hours used and progress against the roadmap
- Policy guidance: Review notes and recommended edits to Client policies

*3-month minimum, then month to month*

## vCISO Plus

**\$8,500/month**

Consultant will serve as Client's virtual Chief Information Security Officer, providing about 32 hours per month of security leadership and guidance. Client owns the security program, its decisions, and implementation; Consultant advises and guides.

### YOU RECEIVE

- Security roadmap: Prioritized 12-month roadmap, updated quarterly
- Monthly summary: Hours used and progress against the roadmap
- Policy guidance: Review notes and recommended edits to Client policies

*3-month minimum, then month to month*

### ADVISORY

## Advisory hours block

**\$3,000 / 10 hours**

Client pre-purchases a block of ten (10) advisory hours to use for security questions, reviews, and guidance as needed.

### YOU RECEIVE

- Advisory hours: Ten (10) hours used in quarter-hour increments
- Usage statement: Hours used and remaining, on request

*Hours expire 12 months after purchase*

## Incident response advisory

**\$400/hour**

Consultant will provide incident response advisory guidance, coordination support, and recommendations under Section 11 of the Agreement.

### YOU RECEIVE

- Incident advisory: Guidance and recommendations during the incident
- After-action summary: Timeline, decisions, and recommendations

*Prices are list prices. Scope, deliverables and fees for an engagement are set in its signed statement of work.*
